## “LOOKING BACK AT THE EVOLUTION OF ENDODONTIC PARADIGMS”

Presented by: John Khademi, DDS, MS  
Four Corners Endodontics

**Thursday, March 13, 2025**  
**Cocktails 6:00 pm / Dinner & Presentation 6:45 pm**  
**Atlantis Casino Resort and Spa**  
3800 S Virginia St, Reno / 2<sup>nd</sup> Floor Conference Center

### Course Overview:

Work over the past decade+ has highlighted the importance of preserving and retaining as much tooth structure as possible for long-term outcomes. The combination of advanced irrigation technologies and ultra-conservative instrumentation...or no instrumentation...is facilitating such a shift in endodontic treatment by maximizing both the traditional objectives of endodontic treatment such as debridement and disinfection while minimizing the endodontic treatment footprint on the loss of precious pericervical dentin (PCD). This presentation will introduce concepts, materials, instruments and techniques that will help the clinician understand the transition to the next paradigm in endodontics: Endodontics 3.0 - non-Instrumentation Endodontics (NIE).
